

## **Social Committee Update – April 2020**

In light of the current situation around the world, the Social Committee made the firm decision that we would pass on both a garage sale and a garden tour for 2020.

We are hoping that we could have a Sunset Social later this summer (likely August) with entertainment (same as last year) and perhaps food (Garrison House or Pig Out) that could be available for purchase. We felt this would be a great opportunity for the community to come together once the health scare is behind us. The consensus was that we would avoid any discussion of alcohol and simply promote this as a community gathering with entertainment.

The golf tournament is still tentatively planned for September of this year and the Holiday Dinner Dance at the Old Winery is scheduled for November.

It is difficult to know if these events can actually become a reality but we have dates secured and on hold for both golf and the dance.

Let's hope we can proceed....
