

The Village DF Design Build COVID-19 Protocol

We must all work together during this time to keep everyone safe by implementing best practices. When working on site for DF Design Build, you can expect the following:

- You will be asked:
 - If you, or anyone you live with, has travelled out of the country in the last 14 days;
 - If you have been exposed to anyone that has tested positive for COVID-19;
 - If, other than for work and when otherwise necessary, you are staying at home and practicing social distancing;
 - If anyone in your home or in your care is immunocompromised or otherwise high risk.

- You and all members of your team will be required to:
 - Text DF Design Build each day when you arrive on site and leave (905-359-7522, 289-228-2330);
 - Refrain from touching your face and frequently disinfect by properly washing your hands and using an alcohol-based sanitizer containing at least 60% alcohol;
 - Use disinfecting wipes to clean commonly shared surfaces like door handles;
 - Keep at least 2 metres from others at all times unless necessary to your work;
 - Refrain from touching surfaces unless necessary to your work;
 - Avoid sharing items such as phones and equipment unless necessary to your work;
 - Encourage fellow trades to adhere to the protocol for everyone's safety and benefit;
 - Notify us if you become ill within 14 days of working on site.

- Additionally:
 - Anyone not directly contracted, or employed by the company contracted, to work in the home is not permitted on site under any circumstance;
 - Any and all waste must be immediately disposed of after use;
 - Any and all tools must be removed or set aside after use to avoid others having to touch them;
 - For everyone's protection, DF Design Build will only be scheduling one trade at a time on site.

I agree to abide the protocol:
